Thank you for the clothes that were provided to me. They have helped me a lot for my children. **Now my children will be able to be warmer for these coming months.** I appreciate the things your organization does for me. Thank you very much!

The boy who recently received the clothes and food smiled so big when he saw new socks. **He only had on one sock that day and asked if he could put on a pair of socks right away.** He was wearing the same clothes he'd been wearing for the last few weeks. He couldn't believe how many things were in the bag and just kept saying "Thank you!" When I saw him the next day, he had on all new clothes and shoes. He walked with his head up and had a smile on his face.

This gift provided clothing that was the right size and not worn out. I now have shoes that do not hurt my feet. I feel more confident in my appearance. **I felt like a little girl at Christmas many years ago (I have not had many Christmas' since) and felt like someone really cares about me.** The backpack and supplies were very helpful, but overall this program reaching out helped me feel valued so I could be successful.

This gift helped me a lot because I was always trading or borrowing a lot of my clothes just to have one decent pair of pants and **now I have my own clothes.** I feel relieved and happy that I don't have to ask my friends for clothes anymore.
